listing Description

Founded in 1989, ScienceSoft is a US-headquartered provider of IT consulting and software development services. Among our customers are Walmart, IBM, Nestle, eBay and NASA JPL, as well as many other large and midsize organizations located internationally.
• 750+ in-house IT experts
• 35 years in IT business
• Around 4,000 projects completed
• ISO 9001 and ISO 27001 compliant processes
We are a go-to vendor for custom and platform-based development in the areas of CRM, Data Analysis, Collaboration & Knowledge Management and Information Security. Testing and quality assurance services are broadly represented in our portfolio as well as 24/7 support for IT infrastructure and applications. ScienceSoft is a trusted partner of Microsoft, AWS, Adobe, ServiceNow and Oracle. For three consecutive years (2022–2024), ScienceSoft USA Corporation has been featured in the Global Outsourcing 100 list by IAOP and in the annual ranking of 500 Americas' fastest-growing companies by the Financial Times. Achieving project goals in spite of time and budget constraints, as well as changing requirements, is ScienceSoft's top priority. You set goals, we drive the project to fulfill them.
