listing Description

Alakmalak Technologies is a leading website development and mobile application development company in India with experience of more than 17 years and have completed 3000+ projects. We specialize in Website Design, mobile app development, custom web development, open-source customization, CMS website development, eCommerce website development, and many other related works. Our goal is to create satisfied clients by understanding their needs, documenting them well, avoiding any surprises, and thus delivering outstanding quality work which is defined as per the scope of work. We strive to maintain long-term relationships with our clients and use the latest technologies to turn their ideas into reality.
