A screenshot of a web interface for a medical imaging AI solution. The title is "Discover AI+ for medical imaging". There are two tabs: "CXR" (selected) and "CTB". Below the tabs, there is a section for "Sample studies" with a link to "Upload your images". Three sample studies are displayed, each with a chest X-ray image and a brief description: Mary White (48 y.o., vehicle incident, right-sided chest pain), Joel Barrett (67 y.o., outpatient screening), and Lacey Delgado (54 y.o., suspected pneumonia, lung pain). Each study has a blue arrow button to the right.
